

A FOCUSED 10 DAY ASSESSMENT

SAP ADVISORY

PLANNING YOUR SAP ECC FUTURE

A focused assessment to understand your current SAP ECC landscape, explore future ERP pathways and develop a clear roadmap for future decisions.

ECC deadlines are approaching. What's the right path for your business?

THE CHALLENGE

Maintenance deadlines driving decisions

Complex systems and integrations

Multiple ERP and innovation options

Uncertainty around cost, risk and investment

HOW WE HELP

01 Assess

Uncertainty around cost, risk and investment

02 Identify

Evaluate future ERP pathways and opportunities to innovate.

03 Roadmap

Define business, technical and maintenance priorities and next steps.

WHAT YOU WALK AWAY WITH

ECC Landscape & Risk Review

A clear view of your current environment, dependencies and key risks.

Future Options Assessment

An evaluation of ERP pathways and innovation opportunities aligned with priorities.

Strategic & Technical Roadmap

Prioritised next steps covering business, technology, licensing and maintenance.

IDEAL FOR ORGANISATIONS THAT...

✓ Need clarity beyond ECC

✓ Want to innovate and evolve

✓ Considering future ERP options

✓ Balancing cost, risk and priorities
